

"Dear Monica,

we just wanted to thank you again for having played at our wedding, contributing to make the ceremony such a special event!

All guests agreed that you created a fantastic atmosphere, bringing beautiful music in the room with a great performance both in terms of selection and delivery. We'd also like to thank you for having been such a nice person to talk during the pre-wedding arrangements, which gave us confidence that everything would have been good according to plans

*All the best for the future!
Kind Regards,
Cynthia & Roberto!"*
